Northminster Learning Center
Guidance Policy

Please read the following policy regarding guidance and discipline. If you agree to the policy, please date and sign the bottom of the form. This form must be included in your child's enrollment forms.

Guidance Procedures

Northminster Learning Center's philosophy in addition to the laws of the state of Illinois prohibits physical punishment. We positively guide children's behavior by creating a supportive environment that:

- Focuses on children's strengths.
- Encourages adults to form positive, authentic relationships with children.
- Makes a commitment to supporting child's play.
- Offers plenty of opportunity for children to make meaningful choices.
- Uses re-direction as a guidance technique.
- At times, ignores inappropriate behavior.
- Has a consistent, yet flexible daily schedule.
- Provides for both active and quiet times.
- Uses positive key phrases to guide children's behavior.
- Offers respectful reminders.
- Acknowledges each child's developmental stage.
- Adopts a problem solving approach to conflict.
- Has age appropriate expectations.
- Allows expression of feelings and emotions.

Due to the fact that these children are very young, we have chosen a few simple rules.

1. Follow safety rules.
2. Listen to your teachers.
3. Help others.

If a child needs to sit for a short period of time and think about his or her actions and choices, teachers will use time out methods. Teachers and parents should feel free to communicate with each other regarding behavior issues. If a child exhibits a behavior that could endanger him/her or other children in the program, the child may be discharged from the program.

Children are entitled to a pleasant and safe environment in their classroom at Northminster Learning Center. When a child persistently exhibits negative behaviors or functions at a significantly lower developmental level than most children, the environment, schedule, or activity level of the classroom may be a challenge and Northminster Learning Center is not the best educational placement for the student. In order to best serve all children, Northminster Learning Center cannot serve children who display chronically disruptive behavior or children who have been determined to be significantly delayed developmentally. Chronically disruptive behavior is defined as verbal or physical activity which may include but is not limited to such behavior that: requires constant attention from the staff, inflicts physical or emotional harm on other children, abuses the staff, ignores or disobeys the rules which guide behavior during the school day and program time. Negative or unhealthy behaviors such as spitting or any behaviors which endanger the child (such as leaving the building) will not be accepted. If a child cannot adjust to the program setting and behave appropriately, the child may be discharged. When three incidents of the behaviors listed above are documented, the student will face dismissal from the program. Significant developmental delays include children who function at a much lower level than a typically-developing child and exhibit the following challenges at a severe level: verbal and written communication, toilet training, attention span, and the ability to interact with other children.
